2020	10 & over	CoStA	1:43.42

EXHIBITION

### Explanatory Notes:

From County Championships we record "Best Times" for events rather than County Records this allows us to track progress within the county.

The Best Times have been rebased from 2016 when the Age-At date for County Championships was moved from Last Day of Competition to 31<sup>st</sup> December – it was felt it was not fair to compare different age bands.

The 100m Individual Medley is shown as not being a Championship event – it never has been but we are looking to incorporate it as a Championship event from the 2021 Championships.

The Mixed Relays are shown as Exhibition events – again they have not been a formal part of the Championships but again, we are looking to incorporate them as Championship events from the 2021 Championships.
